

# Individual Sessions

For Personal Music & Art

With

Dr. Will and Madeleine Tuttle

**T**hese sessions can be for either individuals or couples.

In your session, Will meditatively tunes into your unique essence and translates this into music. You will receive a private piano concert inspired by your spirit, and the music is recorded onto a 30-minute CD and a digital master.

**S**imultaneously, Madeleine creates a 9" x 12" watercolor painting also inspired by your essence, not a physical likeness but a unique artistic blend of evocative images.

**W**ill and Madeleine have been creating individualized Music & Art Portraits over 10 years and are the only ones providing these unique, uplifting, healing, and evocative creations. People are consistently deeply touched by them.

**P**lease see Will and Madeleine at their table for more details or to schedule an appointment! The suggested donation is \$135 and the sessions last approximately 45 minutes.
